## Golf Tournament

A huge THANK YOU to Keller Services Charities. NAF was a beneficiary of the 2023 Golf Tournament. We had a great day with the golfers and sponsors. The weather was beautiful and the players had a wonderful time. We're honored and grateful to be this year's recipient.

## Texas Technology Access Program

Have you ever wanted try an assistive device for compatibility and useability? Short-term device loans are available for 35 days. When individuals with disabilities, their families, and qualified professionals are able to borrow AT devices and assess them in the individual's normal environments, they are then better able to determine if the devices meet their needs or the needs of individuals with disabilities they are serving. They are then able to make informed choices about what device to purchase or whether to purchase a device at all. The program works with agencies that provide assistive technology device loans to develop a system of mutual referral so consumers can find the agency most appropriate to meet their equipment loan needs.

Thank you, Sam's Club in Grapevine, for awarding NAF a community grant. We provide assistance with the multitude of sponsors and grantors.

## Introductions

### Meet Daniil...

This is what it is all about! Look at that smile!

Daniil is 9 years old and needed a power wheelchair which NAF dropped off at his school. His school therapist said, "He's doing great for a first time driver! He loves everything about it. Just being able to move himself means so much." \$5,000

### Meet Roman...

Roman, age 14, developed transverse myelitis which is an inflammation of part of the spinal cord. His insurance denied some new braces to help him regain his range of motion and mobility in his arms. NAF was able to purchase a wrist extension Dynasplint. \$3,100

### Meet Kevin...

Kevin, age 15, was referred to NAF after he had surgery on a spinal cord tumor at a local children's hospital. Feeling in his lower body did not come back post-surgery and his therapist requested assistance with rehab for him. NAF was happy to provide rehab assistance and we are hoping Kevin continues to make progress. \$1,800

### Meet James...

James, age 53, damaged his spinal cord in a motorcycle accident. He needed a new shower chair, but insurance denied the purchase. His therapist applied to NAF for replacement. We believe showering is essential to the quality of life. \$2,500

### Meet Grady...

Grady, age 4, has Pallister-Killian Syndrome and scoliosis. He cannot fit commercial car seats and require a medical car seat. NAF was happy to provide the car seat to keep him safe while traveling to his multitude of appointments. \$3,000

### Meet River...

River - age 4, has neuromuscular scoliosis due to cerebral palsy and epilepsy. Mom requested a special tomato seat so she can put it in her wagon to transport River to the hospital and community events. He has a custom wheelchair but is often uncomfortable in it for longer periods of time. A wagon also allows mom to bring all of his necessary medical supplies. \$1,200

## We Need Your Help

### *Donate ~ Sponsor ~ Volunteer*

Your \$25 donation will help provide clean catheters to a paralyzed child for one month when their insurance won't cover the expense.

Your \$100 donation will help build a wheelchair ramp so we can get our clients out of rehab and through their front door at home.

Your \$200 donation will help widen the doorways in their homes so their wheelchair can fit through the bathroom door. Insurance doesn't covers home modifications.

Your \$500 donation will help provide life-changing medical equipment: wheelchairs and specialized shower chairs, etc. Most insurance only covers a small part of wheelchairs, if any, and no "bathing aids" are covered.
